

JM - Eagle Project description

Description:

Build and mark a hiking trail

Work sessions: (weather permitting)

Sat Sept 5th 2009 & Sunday Sept 6th 9a.m.-2 p.m.

On Saturday I will need as many scouts as possible to complete the trail maintenance part of my project. We will work on Sunday distributing fliers from 1-4 depending on the man power. I will need at least 2 adults because my parents won't be staying the whole time.

Location:

The development that my project lies within is off of Cherry Valley road on Linton. We will meet at the end of Linton Drive at the beginning of the session.

Equipment/Gear needed:

Scouts are encouraged to bring shovels and rakes, and to wear long pants and/or boots because it could be cool and muddy on the trails..

Miscellaneous:

I WILL PROVIDE FOOD and DRINKS!! It doesnt get any better than that!!!!!!

I ask all parents to encourage your son(s) to help me achieve this prestigious Eagle award.
